

# EEVET, INC.

## Data & Software Engineering

Registrations:

SBA ID: P2428427

CAGE: 8GST6

DUNS: 040702772

### MISSION STATEMENT

To solve problems for people with statistics and software engineering.

### CERTIFICATIONS

- PhD Statistics
- MS Computer Science
- MS Accounting
- Anthropology
- Communications
- UX/UI Design
- SCRUM certified

### SEMI-COTS PRODUCTS

- + APIs
- +ETL Platform
- + webapps
- + expo apps
- + micro-services
- + GIS
- + chatbots
- + fin-tech
- + data modeling
- + algorithms

### LANGUAGES

- JavaScript
- Python
- Ruby
- R
- PHP
- GraphQL
- +French
- +Spanish

## EXECUTIVE SUMMARY

The EEVET Team is a diverse array of highly skilled subject matter experts and IT consultants. We leverage our experience in finance, statistics, computer science, and prototype R&D to accelerate projects and inform executive decisions for maintaining, adapting, and scaling IT solutions. We'd love to help you at any point in your IT journey!

### Differentiators

Years of development, research, and testing different technologies give us more than insight but past experience to help Start-Up, SMB, and Enterprise organizations alike.

### Benefits and Results

We offer consulting and development for web-app, API, ETL, GIS, and ML platforms. Products we have on the market that offer Escrow Payments, ML Job Matching, and GIS-based Civic Information to a wide array of Start-Up, SMB, and Enterprise Organizations stand as solid evidence of our ability to replicate similar results.

## PERFORMANCE HISTORY

### EEVET's Civic Data API

LiftFund needed access to an API with granular municipal, state, and federal representative information for the state of Texas. Google's Open Civic data API was the best option available at 22% coverage. EEVET staff drastically improved data coverage rates while immeasurably accelerating LiftFund's product development over the course of 30 days. EEVET collected, processed, prototyped, and built a Civic Data API that improved LiftFund's data coverage rates to 98.5%.
